Shelves and cabinets containing books and scrolls on a variety of topics line the wood-paneled walls of this large library. Comfortable lounges and chairs with small side tables are placed around its centre, and a small drinks cabinet with glasses is located against the east wall. A bell pull hangs in the northwest corner. Windows along the north wall look out onto the canal.

With a successful DC 20 Perception check, a character who searches the east wall can locate a locked secret door. A successful DC 25 Perception check while searching the north wall nearby locates a concealed keyhole. A successful DC 25 Disable Device check unlocks the secret door, which can be slid aside to reveal the secret library (C16a). A character who searches the wes... reveal a switch in... no discernible effe... vault (C19).
